Fall Wet Corn Premium Program

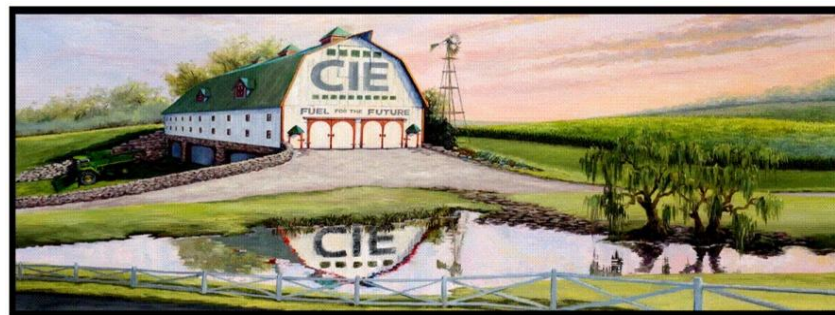

- CIE would like to announce ½ price moisture discounts will be in effect August 20 to September 30 2010!
- CIE will purchase corn up to 25% moisture, August through November.
- CIE will have the lowest published fall moisture discounts in relation to targeted competitors, calculated on “dry” bushels.
- Average Basis+ Contract: guarantees your committed bushels for Dec-Aug delivery will be priced at a premium to targeted competitors published bids.
- CIE is adding more storage and more handling capacity to allow faster dump times.
